

Smart cat litter box C40

XL Space, Freedom for ALL Cats

v 1.0

XL Space, Freedom for ALL Cats

Oversized open top

Safety with integrated structure

Multi cats control via APP

Dual odor control

Extra-Large XL Space Design

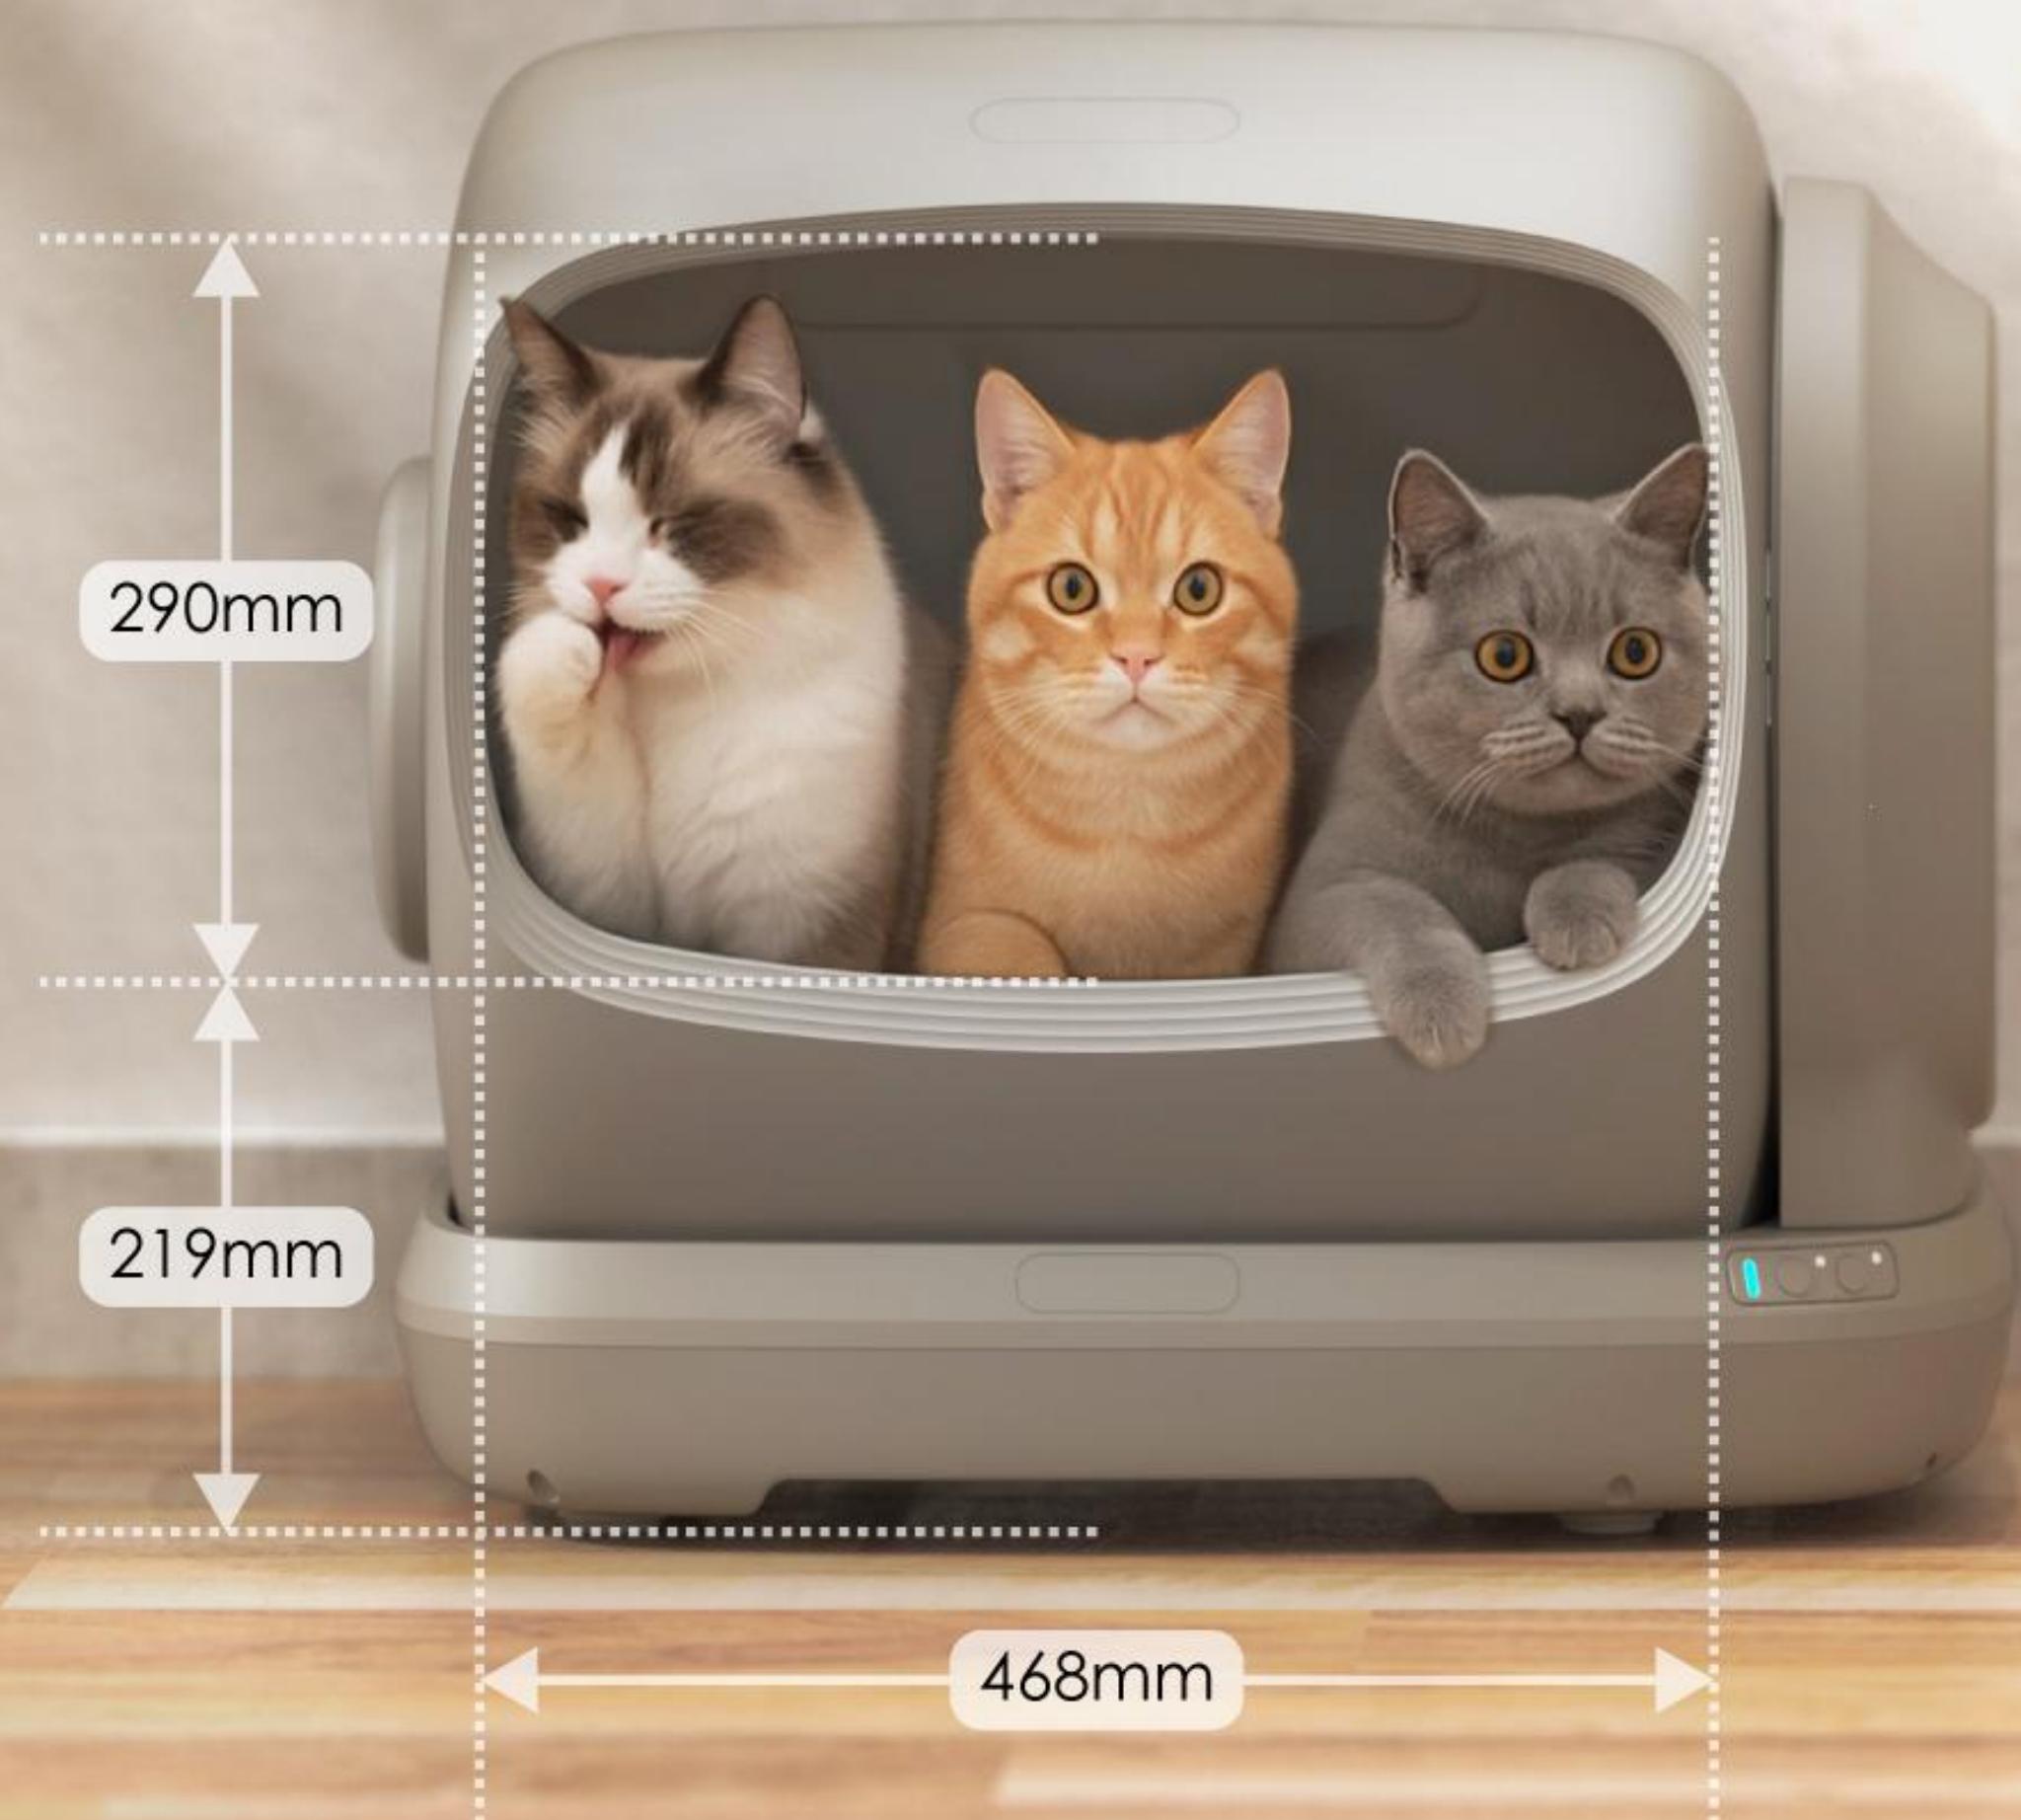

Zero Pressure for Big and Small Cats

Ultra-low entry + wide opening: Low-threshold design with an oversized entrance allows easy access for short-legged cats, senior cats, overweight cats, and large breeds.

Full-Size Compatibility

Perfect for All Cats

Accommodates cats of all sizes (from 2.2lb to 30lb), ensuring free movement for kittens to Maine Coons.

Semi-Open Structure

Dual Upgrade for Safety & Comfort

Enhanced security: Eliminates the confinement stress of fully enclosed boxes. Transparent visibility reduces anxiety, encouraging shy cats to use it willingly.

Multi-Cat Smart Management

Effortlessly Track Litter Habits

Sync with the app to monitor toilet frequency/duration for up to 30 cats, with real-time alerts for abnormal defecation.

Safety First

No Tail-Pinching Risks

Dual anti-pinch tech: Physical pinch-proof structure (scissorless gears) + high-sensitivity weight sensors—stops instantly if cats remain inside.

Scratch-Resistant & Durable

Double-Layer Base

Top: Non-slip silicone (easy to clean).

Bottom: Triple-protection fabric withstands claws and bites.

Ultra-Quiet Operation

Sleep-Friendly at Night

A robotic vacuum cleaner is shown in the background, positioned next to a bed. In the foreground, a Siamese cat is sleeping peacefully on a carpet. The scene is set in a dimly lit bedroom, with the vacuum cleaner's light reflecting softly on the floor and the cat's fur.

Cleaning noise $\leq 42\text{dB}$,
ensuring no fright for cats or disturbance for humans.

Odor Control

Sustained Freshness

Dual odor-lock system: Sealed anti-smell lid + replaceable fragrance gel.

Easy-Clean Barrel

Quick-Disassembly Design

Hassle-free disassembly.
Barrel features drainage holes for convenient washing and drying.

Satin Grey

Snow White
